The admin ladies

These four Youth Employment Services (YES) trainees will spend 12 months at Bay Hydraulics for practical training

Local hydraulic specialist

BAY Hydraulics & Chroming is celebrating 20 successful years in business in 2024!

With its head office based in Alumina Allee in Richards Bay, the company is the local specialist in hydraulic and pneumatic products and services.

It first opened its doors in 2004, at a time when Richards Bay was rapidly expanding.

Director Vicky Sirkar noticed the ever-increasing demand for hydraulic services in the area and realised that Richards Bay needed a specialist in this field.

With vast experience in hydraulics, Vicky started his own company with the vision of offering affordable equipment, spares, sales and repairs to the Richards Bay industry.

In the early years, Vicky single-handedly ran Bay Hydraulics & Chroming – from the admin to sales, to the assembly of cylinders - according to the operations manager, Claudia Sirkar.

Bay Hydraulics & Chroming grew from strength to strength and soon Vicky had a team of skilled workers.

Since then, the company has come a long way and seen exponential growth.

Today, it boasts 38 employees, all driven by professionalism and superior workmanship.

Over the past two decades, Vicky has retained his passionate, hands-on involvement in the business, while his partner, Claudia has stepped in as co-director of the company, leading it to even greater heights.

Congratulations on reaching this milestone on your business journey!
Wishing you continued success and growth in the years to come.

Abandon Conventionality.
Disregard the norm.
Think the Future!

Committed to service excellence

The Bay Hydraulics & Chroming team take pride in offering an outstanding service to its customers, with fast turn-around times.

"We are customer-driven and offer around-the-clock service, with standby technicians available after hours, seven days a week – as breakdowns can happen at any time," said Claudia.

"We are just a call away for our customers, especially in emergency situations. We truly strive to go the extra mile."

It is this firm commitment to service excellence that convinces customers to keep on using Bay Hydraulics &

Chroming, and why the company's customer base has grown even more exponentially in the past year.

"It is the way in which we deliver our service that sets us apart," said Claudia.

Bay Hydraulics is ISO 9001:2015 SABS certified, which enables them to constantly improve on their service delivery. It also boasts an exemplary safety record.

"We are humbled and grateful to have reached this 20-year milestone," said Claudia. "Thank you for the support of all of our customers, and the dedication of our staff. We are excited about what the next 20 years will bring!"
